

The Office of Maternal and Child Health, located within the Prevention Services Division of the Colorado Department of Public Health and Environment, administers the state Title V program. The Prevention Services Division contains four sections that primarily accomplish the work of the MCH office: Women's Health; Child, Adolescent, and School Health; Children and Youth with Special Health Care Needs; and Injury and Suicide Prevention. Four other sections are within the division and work closely with MCH: Nutrition Services; Chronic Disease; State Tobacco Education and Prevention Partnership; and Oral, Rural and Primary Care. The Office of Maternal and Child Health also has data, fiscal, demographic and epidemiologic support.

MATERNAL & CHILD HEALTH (MCH) MEASURES

Title V - MCH National Performance Measures	State 2004 Results	State 2009 Goal
The percent of newborns who are screened and confirmed with condition(s) mandated by their State-sponsored newborn screening programs (e.g. phenylketonuria and hemoglobinopathies) who receive appropriate follow up as defined by their State.	98.0%	98%
